

H2O®

Fast, easy and effective.
Water based cooling for warm and active conditions.

EVAPORATIVE COOLING TEXTILES

SOAK IN WATER
just soak in water for max. 2 minutes.

DIVIDE & SQUEEZE
Distribute the water evenly and squeeze out any excess water.

ENJOY IMMEDIATE COOLING

Bodycool 2BSafe combines the INUTEQ-H2O® active cooling with high visibility for maximum safety. This ISO20471 Class2* / ANSI Class2 compliant cooling vest offers heat stress protection and comfortable cooling for professionals in the field

This product performs best in low to medium humidity conditions. The level of airflow determines the cooling effect.

Activation is easy: just soak in water for max. 2 minutes and gently squeeze out excess water. Your vest is now ready to wear, instantly creating evaporative cooling for up to 8 hours, depending on the ambient temperature, humidity and airflow.

- Antibacterial and machine washable
- Easy to use and re-use
- Lightweight, non-toxic and durable
- Provides up to 15°C cooling relief below ambient temperature
- Offers up to 8 hours of cooling comfort
