

# DRY®

Our DRY evaporation technology keeps you dry & cool up to 15°C below ambient temperature for up to three days, simply using tap water.

## ACTIVATION IS EASY

**FILL WITH WATER**  
Just fill the product with (tap) water.

**DIVIDE & SQUEEZE**  
Distribute the water evenly and squeeze out any excess water.

**ENJOY IMMEDIATE COOLING**

The INUTEQ-DRY® evaporative cooling vest is a comfortable, full-fashioned lightweight vest. No refrigeration or additional gels or chemicals are required. The vest will reduce heat stress and fatigue, allowing you to perform better. Due to our patented system, the vest will not become wet or soggy, making it suitable for wear underneath clothing. This product performs best in low to medium humidity. The level of airflow determines the cooling effect and cooling duration.

The INUTEQ-DRY® evaporative cooling vest can be (re-)activated with tap water (500 ml. maximum - do not overfill). Cooling starts immediately.

- Incorporates a unique cooling technology
- Stays 100% dry inside and out
- Machine washable and has antibacterial properties
- Easy to use and re-use is easy to use and re-use
- Lightweight, non-toxic and durable
- Provides up to 15 °C cooling relief below ambient temperature
- Offers up to 3 days of cooling comfort

### Available in:

**Colors:** Fluor yellow **Art. nr.:** 11130407  
Silver grey **Art. nr.:** 11130402

**Sizes:** XS, S, M, L, XL, 2XL, 3XL, 4XL

### Components:

**Exterior:** INUTEQ-DRY® Nylon Jersey 50%, PU 50% Ultra Fresh Antibacterial treatment

**Core:** INUTEQ-DRY® technology wicking polyester fleece

**Interior:** INUTEQ-DRY® Nylon
